PLANNER

High School

Introducing a New World of Choices

Compare, connect and choose work and learning options for powerful education and career plans.

The Web version of Choices CD

Choices Planner...

- Connects education planning to careers
- Saves you time to reach more students with a self-guided format
- Makes personalized planning more effective
- Measures student plans and reports your success
- Involves parents through informative reporting and home access

Education's Newest Champion

Wherever there is an overwhelmed counselor ...
Every time a voice sighs,
"I don't know what to do with my future" ...
When looming IEP deadlines cast a shadow over the guidance office ...

Planner Man is there to save the day!

Planner Man is education's new super-hero only the real superpower behind the super-hero is **Choices Planner** – the key to Planner Man's punch, pizzazz and proactive power. Without the impact of Choices Planner, Planner Man would be just your average square-jawed stooge in a cape and Spandex shorts.

BRIDGES
Explore • Plan • Achieve

Now students can compare, connect and choose from a vast network of work and learning options – effortlessly building powerful plans in their personal portfolio. It's the Internet version of *Choices* the education world has been waiting for.

Enhanced Accountability Tools

Review each student's assessment results and progress with enhanced OnTrack accountability tools, including summary reports, usage reports, Guideway tracking and more. Accountability reports provide site, district, and state level usage summaries informing senior stakeholders with optional roll-up reports. Sort and select users for effective interventions, allowing you to easily relate and respond to their interests.

Make Informed Decisions

Prepare students for higher education and the world of work. A comprehensive suite of insightful assessments and surveys identifies skills and increases self-awareness. Informative school, program and career reports show school-to-major-to-career connections, and can be directly compared to a student's needs. Practical, easy-to-follow Guideways suggest next steps for students based on what they've started or completed.

Dynamic Portfolio Supports Student Planning

The electronic portfolio provides a common link to Choices Explorer with user storage available any time, anywhere. Individual education and career plans are easily created with the Career Plan Builder. Students can compare their plans to others in their school or across the country.
